

## WHY IT'S SPECIAL:

A special texture of compact powder with **multitasking and versatile properties** that assures a perfect and invincible make-up finish thanks to its multibenefit properties: in fact it has been **tested to be water-resistant. It has tested also SPF 20\***. Moreover, this powder **can be used wet & dry**. The texture has an adjustable pay-off: used wet is more covering while used dry is more transparent and natural.

## ACTIVE INGREDIENTS (Upon request, it is possible to introduce specific active ingredients)

### RAW MATERIALS

<b>Coated micronized pigments</b>	Perfect balance between powder compactness, creamy touch and silky pay-off. Superior skin adhesion. Superior spreadability. Improved W&D application, coverage and homogeneity
<b>Coated talc</b>	For W&D effect. Excellent skin feel combining the creaminess and softness. It offers a barrier action for improved moisture retention.
<b>Coated mica</b>	For water resistance and to give more adhesion to the skin
<b>Globally approved UVB/UVA filters</b>	High ray-protection (UVA). SPF 20 (tested)
<b>Silicone Mix</b>	Soft skin feeling. Matte and soft focus effect. Transparent result on the skin with light finish

### MAIN CLAIMS

- Wet and dry face powder
- Immediate skin adhesion and skin fusion: no powdery or chalky perception
- Silky and soft touch
- Tested on water resistance
- Tested to be SPF 20 (not water resistant: SPF is not water resistant)

### FORMULA SPECS

**Form:** compact power  
**Coverage:** medium – high  
**Finish:** matte  
**Pearl range:** 0  
**Pigment range:** 0-10,5%  
**Stain:** no  
**Packaging:** compact trousse  
**Airtight:** no
